Guidelines for working towards the Homework Challenge Award

- You can choose any of the Homework Challenges from your level to use as the compulsory tasks each term.
- If you choose to work towards the badges, you can do as many challenges in a year as you like.
- Your teacher will let you know each term when your class 'check-point' days are so that you can share your progress and get your challenges signed off.
- On check-point days you will need to have your challenge sheet with the parent box ticked and provide evidence. E.g. photos, video, powerpoint, flow chart, etc.
- It is quality not quantity that counts so take your time to do each challenge with excellence! **You should be able to talk about what you learned by completing each task.**
- Challenge completion:
 - There will be a certificate presented after **10 stars** are completed and a bronze sticker added.
 - After **20 stars** are completed a silver sticker will be added.
 - When **30 stars** are complete, a gold sticker will be added and the level colour badge will awarded at an appropriate assembly.
